

PIXARCH

SINCE 2005

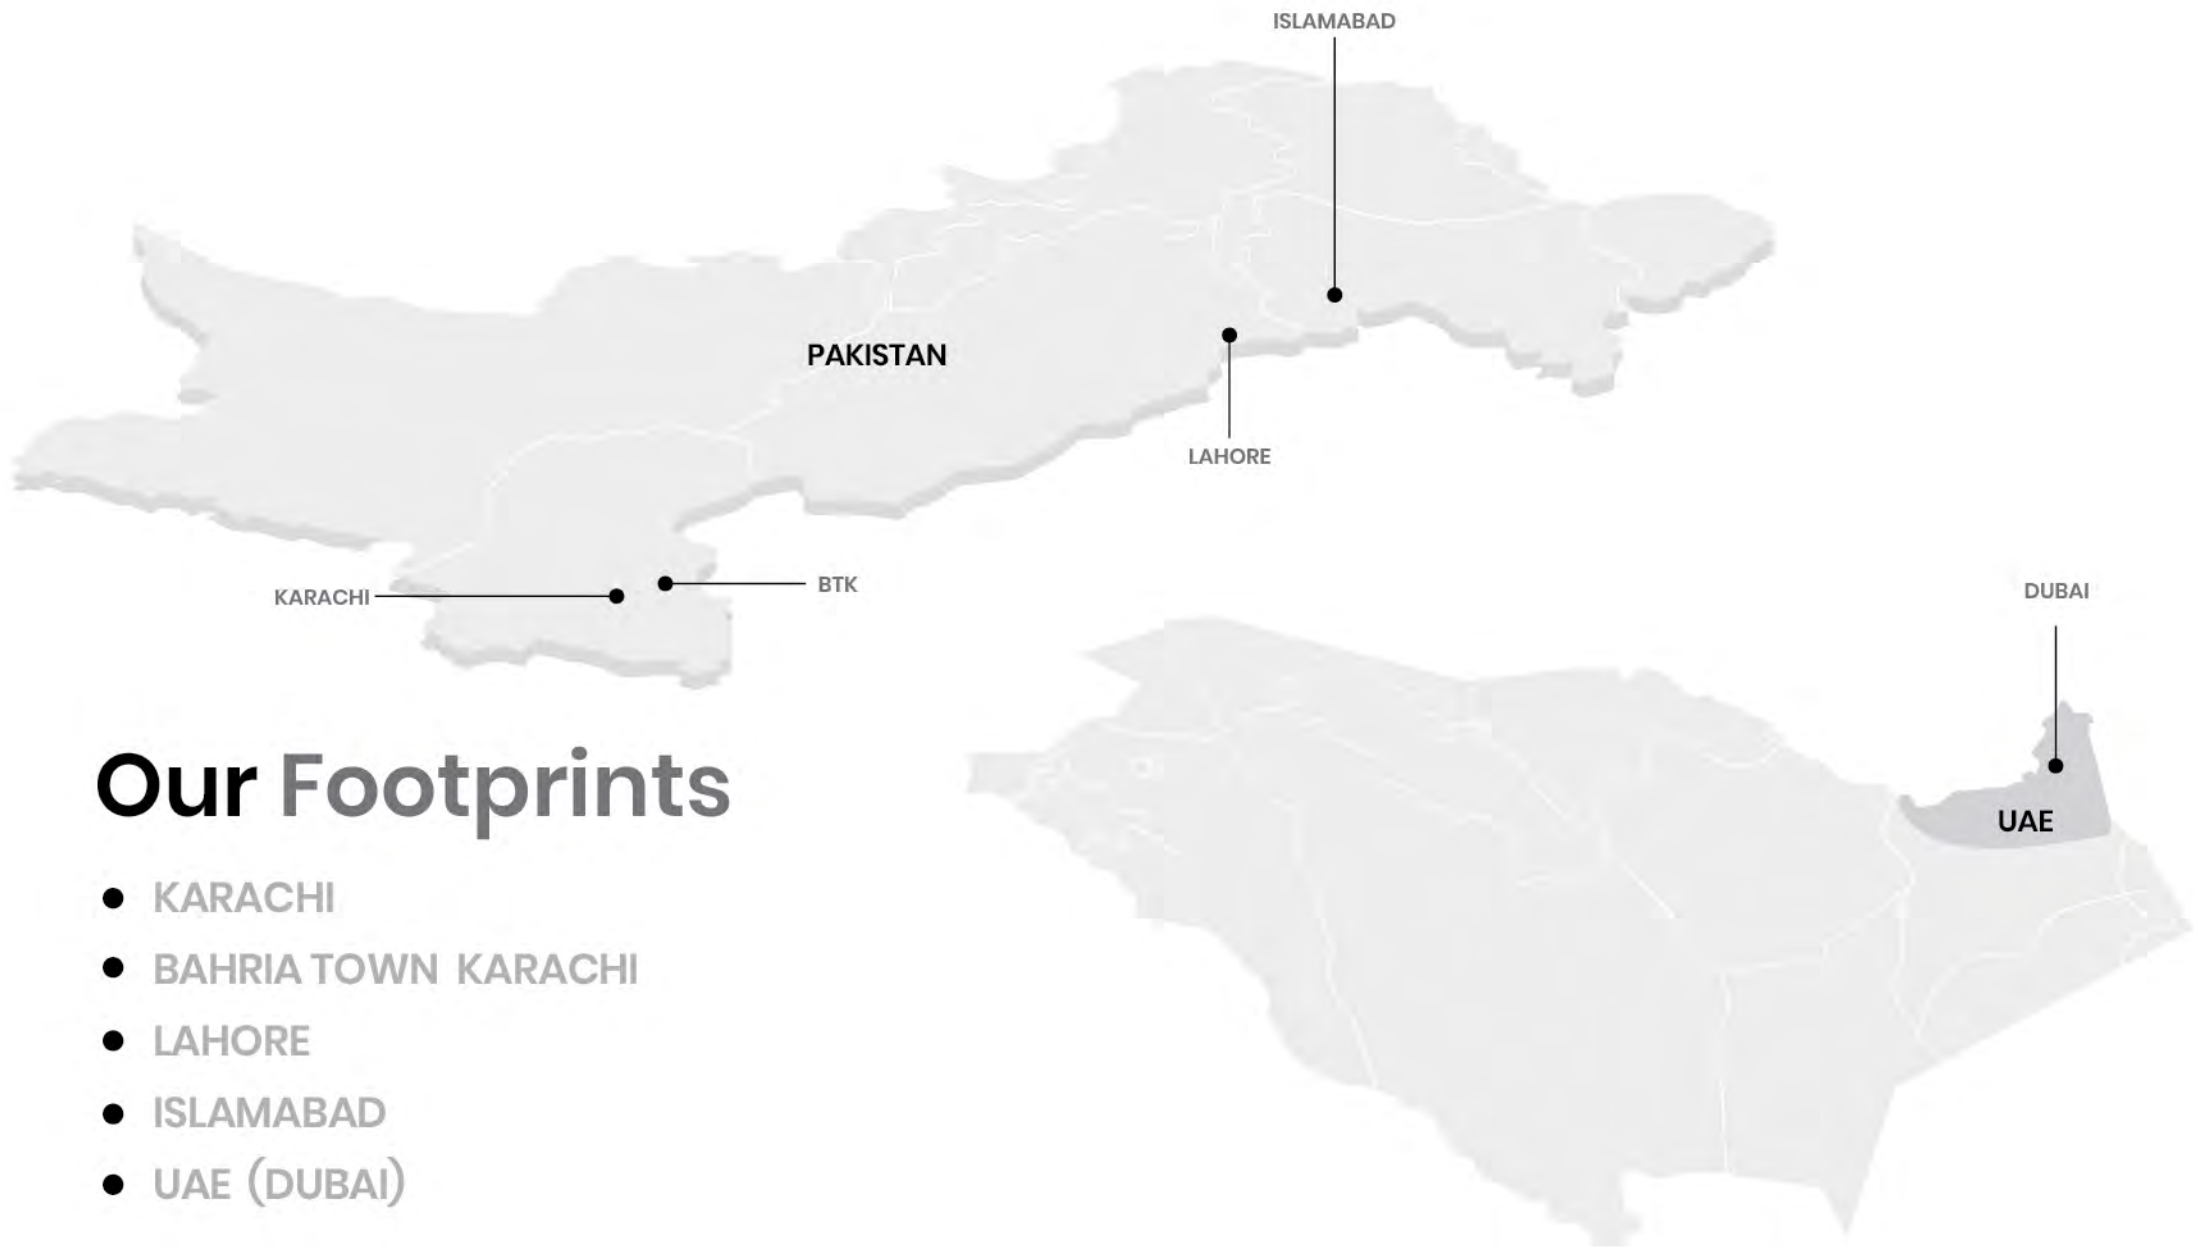

UNLEASHING YOUR DREAMS DIGITALLY

Welcome to Pixarch!

Looking for top-tier 3D rendering services that truly showcase your design vision? Look no further than Pixarch – the premier choice for architects and interior designers who want to create stunning, lifelike 3D renders that truly wow their clients. When it comes to showcasing your designs in motion, Pixarch is your go-to source for high-quality 3D animation tours that demonstrate the full scope and potential of your projects and products. From immersive fly-throughs to dynamic product demos, our 3D animation services are the perfect way to captivate your audience and bring your designs to life in stunning detail.

Our Services

We at Pixarch use top-of-the-line VR technologies with deep burrowing in the process of visual creation only to ensure that your projects are portrayed in manners that are unique and effective to their essence perfectly matching your dream and your thought.

This is done by indulging in every aspect of visual creation, from creativity to presenting, from scratch to creating models that were modeled in your thoughts.

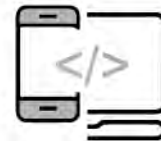

Below mentioned are the complete arsenal of services that Pixarch is proud to provide:

3D VISUALIZATION

CREATIVE SERVICES

DIGITAL MARKETING

INTERACTIVE

3D Visualization

01

Virtual walk/fly-throughs

Virtual walk/fly-throughs are the most effective and exceptional ways of pre-visualizing your commercial or residential projects and we have been pushing the limits of what can be achieved with 3D architectural rendering and animation techniques.

02

Live Presenter

Live Presenter is one such solution that allows us to composite real people onto computer-generated backgrounds.

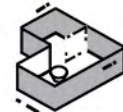

03

Photo Realistic Views

Exteriors and Interior Renders

Our services are known for offering highly precise and accurate expertise, our experts are highly capable of creating extremely detailed and well-defined photorealistic interiors and exteriors.

04

3D Floor Plans

3D floor plans contain all the information a 2D floor plan has, and giving a tangible feel adds finesse taking its quality to another level.

Creative Services

01

Print Media

Elegantly designed identity, stationery and well-thought brochure speak volumes about the brand and the business it represents.

03

Marketing Campaign Concepts & Development

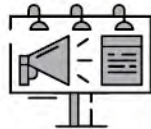

Form strategy to conceptualization, our seasoned advertising professionals ideate and develop campaigns to market client products as per desired results.

02

360-degree Marketing Solutions

Our team of experts including designers, animators, content specialists and experienced digital/marketing professionals makes it a one-stop solution for every marketing and advertising requirement.

04

ATL and BTL campaigns

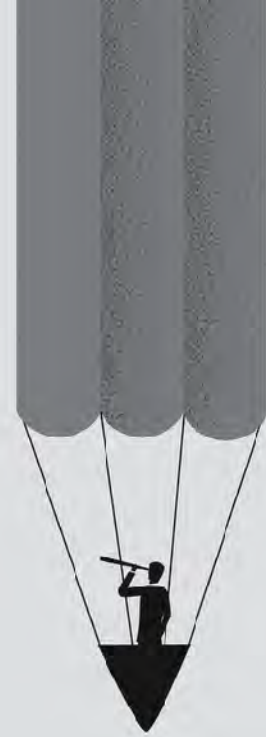

We provide comprehensive design and implementation solutions for both print and outdoor media campaigns.

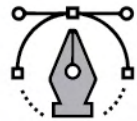

05

Digital Platforms

We provide digital media services to help businesses establish a strong online presence and reach to touch the right audience.

Digital Marketing

01

Branding Strategy

We develop and activate brands having an insightful understanding of their vision, customers and the specific goals needed to be achieved, along with a sole motive of increasing value for the brand.

03

Digital Marketing

We use digital medium-based strategies for marketing brands, in order to reach a larger audience to get more actionable engagement.

02

Technical Solutions

We design digital experiences which are as per our audience's interests, with which they can easily relate and connect.

04

Digital Compositing

Imagine being able to insert an artificially created architecture into real footage with physically correct lighting conditions.

Interactive Services

01

Pix Touch Innovation

Pixarch now offers touchscreen presentation solutions to fascinate your audience in the most interactive manner.

02

Virtual Reality

Virtual Reality is the most effective and exceptional way of re-visualizing your commercial or residential projects.
